

# AUTRES REVUES

## 2013

- [1] Boudouh T., Boxberger J., Gomes S. "Project Management and Lean Engineering: an industrial application", *Journal of Modern Project Management*, 1(1), pp. 50-55, 2013.
- [2] Issa H., Ostrosi E., Lenczner M., Habib R. "Influence of Functional Knowledge Structuring for Modular Design", *Advanced Materials Research*, Vol. 651 (2013) pp 595-600, 2013.
- [3] Domínguez-Almaraz G. M., Ávila-Ambriz J. L., Peyraut F., Cadenas-Calderón E. "Effect of Controlled Corrosion Attack With HCl Acid on the Fatigue Endurance of Aluminum Alloy AISI 6063-T5, under Rotating Bending Fatigue Tests", *Materials Research Society*, Vol. 1485, 2013.
- [4] Korti A.I.N., Korti M. Ch., Aboudi S. "Minimizing Air Entrainment in the Shot Sleeve During Injection Stage of the HPDC Machine", *Journal of Materials Science and Engineering*, A 3 (3), 153-161, 2013.

## 2012

- [5] Badin J., Chamoret D., Roth S., Imbert J-R., Gomes S. "Knowledge based simulation driven design for crash applications", *International journal of Mechanics and Applications*, 4(2), 2012.
- [6] Lebaal N., Oudjene M., Roth S. "The optimal design of sheet metal forming processes: application to the clinching of thin sheets", *Int. J. Computer Applications in Technology*, 43 (2), pp. 110-116, 2012.
- [7] Monticolo D., Lahoud I., Bonjour E., Demoly F. "SemKnow: A Multi-Agent Platform to Manage Distributed Knowledge by using Ontologies", *Lecture Notes in Engineering and Computer Science*, Vol. 2195, n°1, pp. 58-62, 2012.
- [8] Oudry J., Roth S., Lebaal N., Chamoret D., Shakourzadeh H. "Mesh density and mesh orientation dependence of FE model submitted to low-frequency vibration", *Int. J. Computer Applications in Technology*, 43 (2), pp.101-109, 2012.
- [9] Robert A., Roth S., Chamoret D., Yan X.-T., Peyraut F., Gomes S. "Functional design method for improving safety and ergonomics of mechanical products", *Journal of Biomedical Science and Engineering*, 5, pp. 457-468, 2012.

## 2011

- [10] Badin J., Monticolo D., Chamoret D., Gomes S. "Using the knowledge configuration model to manage knowledge in configuration for upstream phases of the design process", *International Journal on Interactive Design and Manufacturing*, 5, 171-185, 2011.
- [11] Monticolo D., Gomes S. "WikiDesign: A Semantic Wiki to Evaluate Collaborative Knowledge", *International Journal of e-Collaboration (IJeC)*, Vol. 7, Issue 3, pp. 31-42, 2011.
- [12] Ostrosi E., Fougères A.-J. "Optimization of product configuration assisted by fuzzy agents", *International Journal on Interactive Design and Manufacturing*, Vol. 5, N° 1, pp. 29-44, 2011.
- [13] Roth S., Oudry J., Lebaal N., Chamoret D., Elrich M., Shakourzadeh H. "Mesh and orientation dependence of FE model under dynamic loading", *International Journal of Computer Applications in Technology (IJCAT)*, 2011.
- [14] Toussaint L., Lebaal N., Schlegel D., Gomes S., "Automatic Optimization of Air Conduct Design Using Experimental Data and Numerical Results", *Int. J. Simul. Multidisci. Des. Optim.*, 4, 77-83, 2011.

## 2010

- [15] Chamoret D., Peyraut F., Gomes S., Feng Z.-Q. "Finite element approach to human digital model for biomechanical modelling", *International Journal on Interactive Design and Manufacturing* (4:1), pp. 75-82, 2010.
- [16] Choulier D. "Proposition d'une typologie détaillée des connaissances en conception amont", Le management par la VALEUR des produits, procédés et services, *Revue de l'AFAV*, N°118-119 (Dec 2009 – Jan 2010). Reprise du Colloque Confere 2009.
- [17] Choulier D. "Proposition d'une typologie détaillée des connaissances en conception amont", Le management par la VALEUR des produits, procédés et services, *Revue de l'AFAV*, N°118-119 (Dec 2009 – Jan 2010).
- [18] Demoly F., Eynard B., Rivest L., Gomes S. "PLM-based approach for Assembly Process Engineering", *International Journal of Manufacturing Research*, (5:4), pp. 413 - 428, 2010.
- [19] Demoly F., Monticolo D., Eynard B., Rivest L., Gomes S. "Multiple viewpoint modelling framework enabling integrated product-process design", *International Journal on Interactive Design and Manufacturing*, Volume 4, Number 4, pp. 269-280, 2010.
- [20] Ferkha N., Torregrossa D., Mekideche M. R., Miraoui A., Peyraut F., Djerdir A. "The Study of the Vibratory Behavior of Electromagnetic Devices Using Finite Element Method Techniques", *Studies in Applied Electromagnetics and Mechanics, Computer Field Models of Electromagnetic Devices*, Edited by Sławomir Wiak, Ewa Napieralska-Juszczak, IOS Press, pp. 512 – 520, Vol. 34, 2010.
- [21] Ferkha N., Peyraut F., Mekideche M. R., Miraoui A. « Influence of Geometric Parameters upon Electromagnetic Performance and Vibratory Behavior of Permanent Magnet Machines", *International Review on Modelling and Simulations (IREMOS)*, Vol. 3, N° 5, Part A, 2010.
- [22] Fougères A.-J. "Agent-Based  $\mu$ -Tools Integrated into a Co-Design Platform", *Int. J. of Computer Science*, Issues 7 (3-8): 1-10, 2010.
- [23] Legardeur J., Choulier D., Monnier B. "How to evaluate creative and innovative concepts during the contest of the 24h of innovation ?", *International Journal of Projectics*, (2:5), pp. 105-118, 2010.
- [24] Peng J., Fougères A.-J., Deniaud S., Ferney M. "Dynamic Shared Context Processing in an E-Collaborative Learning Environment", *International Journal of Computer Science Issues*, (7:5), 2010.
- [25] Peyraut F., Chamoret D., Gomes S., Feng Z.-Q. "Implémentation éléments finis du modèle hyperélastique anisotrope HGO", *European Journal of Computational Mechanics*, (19:4), pp. 441-464, 2010.
- [26] Toussaint L., Demoly F., Lebaal N., Gomes S. "PLM-based approach for Design Verification and Validation using Manufacturing Process Knowledge", *The Journal of Systemic Cybernetics and Informatics*, (8:1), pp 1-7, 2010.

## 2009

- [27] Bonjour E., Dulmet M., Deniaud S., Micaelli J.-P. "Propagating product architecture decisions onto the project organisation: a comparison between two methods", *International Journal of Design Engineering* (2:4), pp. 451-471, 2009.
- [28] Chamoret D., Qiu K., Domaszewski M. "Optimization of truss structures by a stochastic method", *Int. J. Simul. Multidisci. Des. Optim*, (3), pp. 321-325, 2009.
- [29] Ospina V., Fougères A.-J. "Agent-based mediation system to facilitate cooperation in distributed design", *WSEAS Transactions on Computers* (8:6), pp. 937-948, 2009.
- [30] Ospina V., Fougères A.-J. « Aide à la conception collaborative. Un système de médiation pour l'usage de micro-outils logiciels », *In Cognito, Cahiers Romains de Sciences Cognitives* (3), pp. 89-122, 2009.
- [31] Roth S., Oudry J., El-Rich M., Shakourzadeh H. "Influence of mesh density on a finite element model under dynamic loading", *Journal of biological Physics and Chemistry*, (9), pp. 210-219, 2009.

## 2008

- [32] Anghel D., Belu N., Boudouh T. "Management of design process based on the analysis of intermediary objects", *Academic Journal of Manufacturing Engineering*, (6:1), pp. 6-11, 2008.
- [33] Belu N., Anghel D., Boudouh T. "The utilization of problem-Solution indicators in the management of the products design process", *Academic Journal of Manufacturing Engineering*, (6:1), pp. 29-34, 2008.
- [34] Chamoret D., Rassineux A., Bergheau J.-M. "A new smooth contact element: 3D diffuse contact element", *International Journal for Simulation and Multidisciplinary Design Optimization* (2), pp. 25-35, 2008.
- [35] Ospina V., Fougères A.-J. "A Mediation system to facilitate cooperative activities", *International Journal of Computer*, (2:4), pp. 391-400, 2008.
- [36] Peyraut F., Seichepine J.-L., Coddet C., Hertter M. "Finite element modelling of abradable materials - Identification of plastic parameters and issues on minimum hardness against coating's thickness", *International Journal for Simulation and Multidisciplinary Design Optimization*, (2:3), pp. 209-215, 2008.

## 2007

- [37] Choulier D., Picard F., Weite P.A. "Reflexive practice in a pluri-disciplinary innovative design course", *European Journal of Engineering Education*, Volume 32, Issue 2, pp. 115-124, 2007.
- [38] Fougères A.-J., Canalda P., Ospina V. « Assistance à la gestion et au suivi de projets d'étudiants dans un environnement d'apprentissage coopératif », *e-TI- revue électronique des Technologies de l'Information* (3), 2007.
- [39] Sid B., Domaszewski M., Peyraut F. "An adjacency representation for structural topology optimization using genetic algorithm", *International Journal for Simulation and Multidisciplinary Design Optimization* (1:1), pp. 49-54, 2007.

## 2006

- [40] Tautrim J., Ostrosi E., Ferney M. “Lean Manufacturing and Business Design Architecture: Efficient and effective implementation of lean manufacturing engineering”, *International Journal of Advanced Manufacturing Systems (IJAMS)*, (10:1), 2006.
- [41] Kouta R., Play D. “Definition of correlations between automotive test environnements through mechanical fatigue damage approaches”, *Proceedings of the Institution of Mechanical Engineers. Part D, Journal of automobile engineering*, (220:12), pp. 1691-1709, 2006.

## 2005

- [42] Cotte M., Deniaud S. “CAO et patrimoine. Perspectives innovantes”, *L'Archéologie en France*, N°46, pp. 32-38, juin 2005.
- [43] Ospina V., Fougères A.-J., Zacklad M. “Modélisation de connaissances pour un système de médiation”, *Actes des 5èmes Journées d'Extraction et de Gestion de Connaissances (EGC'05)*, publiés dans la revue *RNTI E3*, sous la direction de S. Pinson et N. Vincent, vol. 2, pp. 575-586, Paris, 19-21 janvier 2005.

## 2004

- [44] Peyraut F., Feng Z.-Q. «Implémentation éléments finis d'une condition optimale de préservation de l'orientation. Cas du contact en grandes déformations hyperélastiques», *Revue Européenne des Eléments Finis*, Vol. 13, pp. 899 à 914, N°8, 2004.

## 2003

- [45] Fougères A.-J. “Des agents communicants pour simuler et détecter des épidémies”, *Ingénierie des Systèmes d'Information*, Ed. Hermès, 8(1), p. 91-112, 10-2003.
- [46] Micaëlli J.-P. “L'Endogénéité du changement technique : le défi de la conception”, *Economie Appliquée*, tome LVI / n°3, septembre 2003.
- [47] Peyraut F., Labad N. «Condition de Préservation de l'Orientation - Application en Hyperélasticité Compressible», *Revue Européenne des Eléments Finis*, Vol. 12, pp. 99-116, 2003.
- [48] Weite P.-A. “Projets amont, projets aval : constantes et variantes de la conduite de projets dans le domaine du développement de produit”, “Le management de projet, de quoi parle-t-on ?”, *Revue Recherches transversales*, INSA de Lyon, n° 7, janvier 2003.
